

Specialist Knowledge for Teaching Mathematics (SKTM) Primary Early Careers Teachers (ECTs)

This programme is designed to support the subject knowledge and pedagogical knowledge for Early Careers Teachers (ECTs) teaching and supporting the learning of primary maths, recognising the requirements of the ECF.

What is involved?

The programme strikes a balance between developing teachers' maths subject knowledge and pedagogical content knowledge, alongside classroom practice to support the learning of maths.

What are the time commitments?

There will be four face to face full day sessions which will be delivered at Balderstone St Leonard's CofE Primary School.

Time/Date	Location
Thursday 16th November, 9am - 3pm	Balderstone St Leonard's CofE Primary School
Friday 23rd February, 9am - 3pm	Balderstone St Leonard's CofE Primary School
Thursday 23rd May, 9am - 3pm	Balderstone St Leonard's CofE Primary School
Thursday 20th June, 9am - 3pm	Balderstone St Leonard's CofE Primary School

Expectations of Participants and their Schools

Schools must be able to commit to the full academic year's programme. School leadership must support participants to attend all sessions.

All NNW Maths Hub programmes are fully funded and are therefore free to all participating schools.
